RE: Purchased Water Adjustment

Dear Sir;

Enclosed please find an original and four (4) copies of a purchased water adjustment form and supporting documents.

Our wholesale provider of water, Paducah Water (PW) will be increasing our cost of water by \$0.10 effective August 2004. This will change our wholesale price from \$1.35/1,000 gal. to \$1.45/1,000 gal. It is our intention for the increase to appear on our customers' bills beginning August 31, 2004. Public notice is being mailed to each customer.

If there are any questions or if additional information is required, please call me.

Sincerely,

William A. Tanner

The increased water cost is the cost difference between purchases at base (current rate) and purchases at new rate.

6. Purchased water adjustment factor \$0.10.

The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.

Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.

7. Proposed effective date AUGUST 31, 2004.

WEST PADUCAH KY 42086

Dear Bill:

SUBJECT: Rate Increase

I am writing to notify we have received approval from the Public Service Commission to increase the water rates to West McCracken effective July 1, 2004. Effective this date, the rate charged will be \$1.45 per 1,000 gallons usage. This increase will become effective with the bill dated August 2004 in order to give you time to put in place any changes you deem necessary.

The PSC also approved a rate increase to become effective on July 1, 2005. Effective that date, the rate charged will be \$1.50 per 1,000 gallons usage. That increase will become effective with the bill dated August 2005.

If you have any questions, please advise.

Sincerely,

Glen Anderson

IN CASE NO. _____ DATED _____

**NOTICE OF PROPOSED RATE CHANGE
PURCHASED WATER ADJUSTMENT
WEST MCCRACKEN COUNTY WATER DISTRICT**

Notice is hereby given by the West McCracken County Water District that it has proposed to change its water rates.

Paducah Water Works (PWW), the wholesale provider of water to the District, has notified the District that its wholesale rate will increase from \$1.35 per 1,000 gallons to \$1.45 per 1,000 gallons effective August 2004. The rates proposed by the District will increase the District's rates \$0.10 per 1,000 gallons.

	<u>Existing Rates</u>	<u>Proposed Rates</u>
0 to 100,000 gal./mo./per 1,000 gal.	\$3.12	\$3.22
Over 100,000 gal./mo./per 1,000 gal.	\$2.31	\$2.41

All other rates will remain unchanged.

The rates contained in this Notice are the rates proposed by the West McCracken County Water District. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates in this Notice.

Any corporation, association, body politic or person may by motion, within thirty (30) days after publication or mailing of notice of the proposed rate changes, request leave to intervene. The motion shall be submitted to the Public Service Commission, 211 Sower Boulevard, PO Box 615, Frankfort, KY 40602, and shall set forth the grounds for the request including the status and interest of the party. Interveners may obtain copies of the application and testimony by contacting the West McCracken County Water District, 8020 Ogden Landing Road, West Paducah, KY 42086. A copy of the application and testimony is available for public inspection at the District office.
